

- Daily scrum on facebook if all members are not present.
 - Write what you did yesterday
 - What you are going to do today
 - How this pushes us towards our vision/goal
- Keep trello up to date.
- Look at Trello at least 1 time/day.
- Bring up anything that prevents you from progressing and ask for help.
- If someone needs help, the team is required to help that individual.
- If late by more than 15 minutes, bring two coffees.
- Don't dismiss other people's opinions before actually listening to them.
- Follow coding conventions of the group.
 - Using spaces for indentation!!
- Work as effectively as possible, no time wasting (As long as it affects other groupmembers)
- Commit and push often
- When task is finished and tested, refactor!
